

SCUBA Science

Kentucky Academic Standards (Grades 3-8)

Below is a list of Kentucky Academic Standards discussed during the teaching of **SCUBA Science**.

KENTUCKY CORE CONTENT FOR ASSESSMENT

End of Primary

SC-EP-1.2.3 Students will describe the position and motion of objects and predict changes in position and motion as related to the strength of pushes and pulls.

Seventh Grade

SC-07-1.2.1 Students will explain the cause and effect relationship between simple observable motion and unbalanced forces.

Eight Grade

SC-08-1.2.1 Students will describe and explain the effects of balanced and unbalanced forces on motion as found in real-life phenomena.
