

**DID YOU KNOW...?**

Grades 7-8

In June of 2007, the Bald Eagle was removed from the list of threatened and endangered species!!

Identify each animal as threatened, endangered, or extinct.

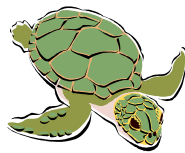

Great White Shark \_\_\_\_\_

Blue Whale \_\_\_\_\_

Megalodon \_\_\_\_\_

\_\_\_\_\_ Green Sea Turtle

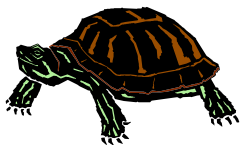

Shark Ray \_\_\_\_\_

African Penguin \_\_\_\_\_

Humpback Whale: \_\_\_\_\_

\_\_\_\_\_ Ringed Sawback Turtle

\_\_\_\_\_ Burmese Python

# Shark Timeline

Sharks have been living in Earth's waters for almost 400 million years.

Do you know which sharks were here first?

Place the sharks in the correct prehistoric period from the earliest to today!

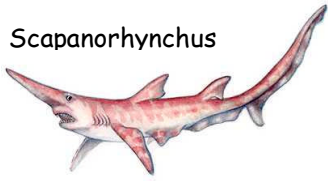

Cladoselache

Othacanthus

Scapanorhynchus

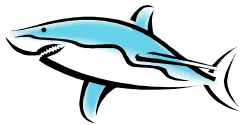

Megalodon

Paleacarcharias

Helicoprion

Great White Shark

\_\_\_\_\_ Today

\_\_\_\_\_ 5-25 Million years ago

\_\_\_\_\_ 110 Million years ago

\_\_\_\_\_ 150 Million years ago

\_\_\_\_\_ 250 Million years ago

\_\_\_\_\_ 260 Million years ago

\_\_\_\_\_ 375 Million years ago

Period	Era
Quaternary	Cenozoic
Tertiary	
Cretaceous	Mesozoic
Jurassic	
Triassic	
Permian	Paleozoic
Carboniferous	
Devonian	
Silurian	
Ordovician	
Cambrian	

Conservation means the preservation or restoration from loss, damage, or neglect. And you can help!!!

Discover environmental concerns that conservation (and you) can help!
