

DID YOU KNOW...?

Grades Preschool-Kindergarten

Circle the babies that look the same

Baby sea turtles, sharks, seahorses and octopus look just like their parents when they are born!

Sea Turtle

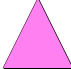

Shark

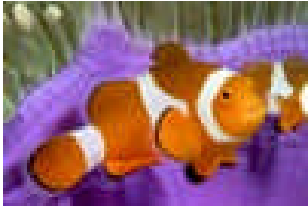

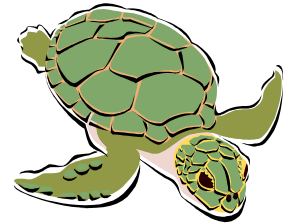

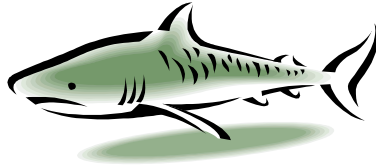

Seahorse

Octopus

Some animals spend most of their lives in water and other animals spend their lives on land.

Draw a **circle**  around the animals that live in the water.

Draw a **triangle**  around the animals that live on the land.

Starfish sometimes get washed up on the beach but use tiny tube feet to "walk" back to the ocean.
Help this starfish find his way home.
